

Artrageous Parties and Events,

Kerry many thanks for making the trip to Greystanes on Sunday the 21st of February 2010 to participate in our Family Fun Day. The day was a great success for us in boosting club spirits and gaining new registrations. All the Mum's and Dad's have been telling me how much fun their kids had and a big part of that was because of you.

We had a lot of feedback from our parents saying how professional you were as well as very talented. Almost all of the kids at the event had wonderful designs on their faces and no request was too much trouble and the amount of designs you could do seemed limitless.

You did a wonderful job and I so appreciated your enthusiasm and your skill. I highly recommend you to anyone who wants to add something special to their party or corporate event.

I look forward to getting you back to come and paint faces again at our Presentation day at the end of the year.

Kind Regards

Mark Geloven
